Information about the Service

Here's a quick summary of the important parts about your mobile plan. These plans are postpaid mobile services which provide you access to our network, a mobile phone number and access to make and receive calls, send and receive messages and have access to mobile data. All prices quoted are inclusive of GST.

Minimum term

Your mobile service will be on a month to month arrangement term. From time to time we offer credits as part of marketing campaigns, credits are applied with the requirement your service must stay connected for at least one month. Should you terminate your agreement earlier the credit will be recouped and charged as a debit on your final bill. The total amount owing will be the cost of any usage incurred up until the time of cancellation plus the minimum monthly charge and plan pro-rata charge if applicable.

For more info regards to pro-rata charge please refer to section 'Billing cycle'.

What's included

Unlimited national call value - with your monthly plan allowance you can make unlimited standard national calls to fixed and mobile numbers, including unlimited standard SMS and photo MMS, voicemail retrieval, and calls to 1800 and 13 - 1300* numbers. Calls and SMS/MMS to premium numbers (e.g. 19xx numbers), Sensis calls or other content charges (including third party charges) are barred. Unused data expires each month and cannot be used while roaming overseas. Telstra Retail numbers 132000, 132203, 132674, 132999 are charged as excess usage.

Included international call value

If your plan includes an international call value: Unlimited landline calls to 15 destinations.

Can only be used to call landlines numbers unless otherwise stated, countries include Canada, China #, Germany#, Greece#, Hong Kong#, India#,

Indonesia#, Ireland#, Malaysia#, New Zealand#, Singapore#, Thailand, United Kingdom#, USA and Vietnam# (# includes calls to mobile).

Overseas usage

Your monthly included call and data value do not include usage while you're overseas, so you'll be charged separately for this usage. International Roaming Bolt-ons, are available to be used overseas. Roaming is not available in all the countries. Please refer to the International Roaming Sheet for more information.

What's not included

Your unlimited included value cannot be used for making calls and sending SMS / MMS to international numbers, video MMS, calls to Satellite numbers, calls to 1234, 12455 and 12456 or content charges (including third party charges). It does not include usage when roaming overseas, among other assistance and special numbers.

These will incur excess usage charges to your monthly bill and are charged at the standard PAYG rates.

Billing cycle

Charges and inclusions are metered from the 28th to the 27th of each month. Your first bill may look a little unusual or higher than expected, you may notice that the mobile plan fee may be slighter higher for the first month. Telecommunication service providers charge 'in advance'. Your subsequent account from us will revert to the regular monthly charge.

For example if your service is activated on 15th of the month, your first bill (as well as the minimum term cost) will include the pro-rated charge from 15th to 27th of the month plus the whole month plan access fee from 28th to 27th of the following month.

Any plan upgrade or downgrade made on days other than the 27th of any month will be fully charged on the day of the change (current month) and on the 28th (month in advance)

including the plan fee your service is currently connected too.

Peace of mind – zero bill shock

Never pay for more than what you have signed up for. We will let you know once you reach your call or data limit and you can choose to purchase more credit. If you do not purchase more credit we will limit your service (to free outgoing calls only if you have run out of call credit or no downloads if you have run out of data) until your plan starts a new billing month. More credit can be purchased by way of Excess Spend Limit, you may choose to have an excess spend limit of your dollar value choice.

Paper invoice fee

Please consider the environment and opt for electronic billing (no charge) along with Direct Debit. You will be charged \$2.20 each month if you choose paper bills.

Payment processing fee

Direct Debit via bank account no additional charge. Payments made with a credit card will incur a payment processing fee of 2%, no additional charges if paid via BPAY.

Late payment fee

If you don't pay your bill by the due date you will incur a late payment fee of \$15.00. If you are experiencing any financial hardship, please contact our team for options available to you.
